### BOTH EXHIBITIONS PULLED OFF IN SAND STORM

### Saturday's Game.

G.W. Murdock, the recently appointed T.P.A. of the E.P.& S.W. formerly known as "Big Chief Mardock," arrived on Friday evening last with his base ball aggrecation and interested the Tucum carr team on Saturday and Sunday evenings with some 'plain and fancy" ball playing, much to the discomfiture of the home talent.

Tucumcari did not have a "look in on Saturday for the visitors got real busy in the first and go one man around the circle, rested in the second but got on to Jone. in the third and with three singles, one trapple and several errors pried up six scores and this was quite a sufficiency" for the home team didn't get a man around untithe eighth when they succeeded in pushing three across, this however displeased the visitors very much, and they did the same stunt in their halt, and then rested on their laurels, and well they might, for that ended the battle for no more scores were made.

The disaster by innings was as follows:

First Inning Graham got a home run on a hit between short and second, Kunz was out short to first, McCleiand flew out to left, McNeil was safe on fumble of first. Hood bit to second and
